

Bendoc Field Day

Thursday
7th November

10:00am to 3:30pm

Meet at the Bendoc Hall

Join us for an information filled day;

Meter Soil Core Sampling:

Discover what's beneath the surface with live demonstrations of local soil core extractions.

Pasture Productivity:

Learn strategies to boost pasture growth and maximize forage quality.

Carbon Farming Insights:

Understand how to "Know Your Number" in the complex world of carbon farming.

The Business of Farming:

Get clear on your finances with tips on income, expenses, and budgeting, and learn who to turn to for help.

Trigger Plan Essentials:

Prepare for water and feed shortages with a proactive Trigger Plan.
